## CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. POLK & CO. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

## HOW DIRECTORY LIBRARIES ARE USED

### He Wanted to Buy a Home

"Who sells ready-cut houses?" said a man to us the other day. "There is nobody listed under that heading in the Detroit City Directory, but I know there is some concern out in the State which sells them."

Reference to the Michigan State Gazetteer (State Business Directory) soon told him that the concern he wished was the North American Construction Company, of Bay City, Mich. "I will write and order what I want at once." was his parting remark.

Where one instance of this sort comes to our attention, the same things are happening over and over again wherever a City Directory is to be found.

If you will trace back new customers to find out how they found you, City Directory classified lists will receive their share of the credit.

**The classified section of the City Directory is the greatest buyers' guide on earth. Any one classification may secure the largest order and the best customer, any or every day in the year, and its omission may lose a large order at any time.**

Every day, all over the country, thousands of people are consulting Polk's Directory Libraries. We offer you the free use of our directories for single reference.

Many Directories of various cities are bought by progressive concerns, who desire up-to-date mailing lists, classified by trades and otherwise.

Ask for a free copy of our "Directory of Directories," or for our "List of Mailing Lists."

### A \$50,000.00 Order

A traveling man from St. Louis called on a wholesale dry goods house in St. Paul, to sell salvage goods. They did not deal in that class of goods.

Later the firm dissolved. One partner decided to engage in that line of trade and wanted to buy a complete stock, amounting to about \$50,000.00.

He called at our office and examined the St. Louis Directory to find the name of the house the agent represented. The classification "Salvage Goods" did not show it.

We, being more familiar with the classifications in a Directory, found it under "Bankrupt Stocks," much to the delight of the jobber, and a tremendous order was placed with the salvage house.

## ***“House of Quality” Memorials***

Just as the name “TIFFANY” stamped on Jewelry means the very acme of perfection to jewelry purchasers, so the phrase “HOUSE OF QUALITY” applied to monuments and mausoleums is indicative of superior quality and distinctive beauty to those who purchase memorials.

Such a reputation has come only through years of conscientious effort and the rendering of the very best service to all. It is the outcome of our policy of guaranteeing complete and lasting satisfaction to each purchaser.

Our display of modern monuments is the largest west of New York and the selection is unsurpassed in beauty of design and durability of material.

Our modern methods of manufacturing the memorials from the rough granite and giving the customer direct service, is of great value to the purchaser in the quality of the service and the amount saved in the purchase of the memorial.

JANUARY 1, 1918, we will be in our new display and office rooms, 100-102-104 East Locust Street. Former address, 626-628 East Locust Street.

## CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. POLK & CO. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

massage or manipulative vibratory treatments for the entire body, special diets, hydrotherapy, curative gymnastics, science of the breath of life. Efficient medical advice and services are present. The Rest Home has none of the institutional features whatever—it reminds one of a large inn, the two solariums have plenty of good literature, music and games. The Rest Home embraces all of the features of a well-organized and well-directed home, with the object or purpose to assist physicians to restore their patients to normal usefulness as well as bodily and mental vigor. The Rest Home solicits patronage and invites inquiries.

**Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?**

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

*"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.*

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

*May we explain how and why it will pay you?*

**THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyer's Guide on earth.
